Join us for our monthly Geriatrics Lunchtime Learning Series designed to promote interdisciplinary teams and quality care for geriatric patients. Target audience for this activity includes physicians in primary care and all specialties, nurses, dietitians, social workers, pharmacists, and all other interested health care professionals.

PLEASE BRING YOUR OWN LUNCH TO ENJOY DURING THE PROGRAM

Objectives: At the conclusion of this program, participants should be able to:

1. Estimate the life expectancy of an older adult using Eprognosis.
2. Provide patients with reasons to review their Medicare Part D plan each year and direct them to resources that will help with that process.
3. Apply the results of research published in 2016 to improve the lives of older adults.
4. Use resources from the American Geriatrics Society available to nonmembers to improve the lives of older adults.

Disclosure: Information concerning faculty, speaker and planning committee relationships will be available on site and disclosed to the audience from the podium. The presenter has disclosed that no commercial relationships exist.
